

TIMETABLE 2016 – 2017

Curriculum Years 10 & 11

The Key Stage 4 curriculum is designed to build on the learning experiences that children had in Key Stage 3 with the addition of a wide range of new subjects. Students are taught in ability groupings from the start of Year 10 to allow appropriate and targeted challenge for all. Throughout our curriculum we aim to encourage students to understand fundamental British values. These include:

- democracy,
- the rule of law,
- individual liberty,
- mutual respect and tolerance of people of all faiths, races and cultures.

In Year 10 students take a course in Religious Studies and most students complete an examination in this. In Year 11 students follow a course called Careers Education Information Advice and Guidance. This course is designed to give students impartial information about what to do post 16 and provide guidance on applying for post 16 courses or training.
