

## Howden School Homework Project

Year 9

Geography -Autumn Term 2<sup>nd</sup> half

Start	Hand in Date
Week beginning	Week beginning 21/10/2013

<p><b>WALT:</b></p> <p>To investigate a river under pressure</p>	<p><b>WILF:</b></p> <p>L5 To explain the different pressures on the river</p> <p>L6 To assess different solutions</p> <p>L7 To explain the factors which have lead to decisions being made about how the river is used</p> <p>L8 Explain how the interactions between the river and the people who use it can lead to complex changes</p>
--	---

<p><b>TASK:</b></p> <p>You are to research and produce a piece of work (writing, maps, pictures) on a river under pressure. You should include the following:</p> <ol style="list-style-type: none"> <li>1) The name and location of the river</li> <li>2) Describe how the river is used</li> <li>3) Explain the problems found on this river</li> <li>4) Assess some possible or current solutions</li> </ol>
---

<p><b>How to organise your time:</b></p> <p>This project is designed to take 3 weeks. You will need to conduct some research so make sure you allow time when you can access the internet.</p>
--

Week beginning	Day	Task	How long to spend
		Chose your river and research what problems there are on it	20 mins
		Research how the river is used and managed and possible solutions to some of the problems	20 mins
		Write up the problems maybe with a table of people who use the river and problems they cause	20 mins
		Complete work by assessing some solutions	20 mins
